Nerve Slavery

It is present-day conditions—heaping burdens of work upon the nervous system that tells the story—premature breaking up of health.

It tells why so many men and women, who so far as age is concerned, should be in the prime of health, find themselves leting go of the strength, the power, the vitality they once possessed. It is because that great motor power of the body, nerve force, is impaired. Neither will the heart, the brain, the liver, the kidneys, the stomach act right without their proper nerve force supply. Let any organ be lacking in this essential and troubles begin—some of them are:

Throbbing, palpitating heart.
Sleepless nights.
Sudden startings.
Morning languor.
Brain fag.
Inability to work or think.
Exhaustion on exertion.
Flagging appetite.
Digestion slow.
Food heavy.
Easily excited, nervous, irritable.
Strength fails.
Loss of flesh and muscular power.
Settled melancholia.

TALKING IT OVER

President and His Advisers Seeking to Settle Big Coal Strike.

THE WAY IS NOT CLEAR

Federal Laws and Constitution Do Not Afford Means of Federal Interference.

The President Will Exert Every Means in His Power to Avert a Fuel Famine.

Washington, Oct. 1.—The president yesterday took initiative steps to ascertain what if anything could be done by Federal authority to settle the coal strike. The result was a rather general expression of opinion by the advisors of the president who were parties to the conference to the effect that the federal laws and constitution did not afford means of federal interference to end the strike, but another conference is being held today and the president will do all he can properly do legally to bring about a settlement.

At the temporary White House a conference was held with three cabinet officers, Attorney General Knox, Secretary Moody and Postmaster General Payne. Governor Crane of Massachusetts also was present. President Roosevelt is deeply concerned over the situation. The approach of winter with a coal famine imminent and the distress and suffering that must ensue unless coal becomes available presents a situation which he thinks should receive the attention of the administration if there is anything that can be done by the government. Many appeals have been made to him and many suggestions have been received by him, and it was with a view to ascertaining what power the federal authority could evoke that caused the conference to be held.

During the conference every phase of the situation was discussed. The general opinion of the advisers of the president was that the situation did not present a case in which there could be federal interference by any warrant of law. There has been no interference with federal authority in the mining region either by stoppage of the mails or resistance of the United States court process. It was pointed out that there was no occasion for the use of federal troops, as Governor Stone of Pennsylvania had not called on the government for assistance nor had he even exhausted the resources of the state by calling out the full strength of the state militia. The question of the right to appoint receivers for the mines in order that they might be operated was discussed, but neither in the constitution nor in any known law could any legal warrant be found for such action, though the discussion on such lines even went so far as the consideration of how the properties could be relinquished and control surrendered after the object of supplying coal had been accomplished, assuming the federal government could intervene through receivers. The tenor of the whole discussion was to the effect that there was a lack of the power in the federal administration to take any action at the present stage of the strike, although the seriousness of the coal famine now and the much greater evils soon to follow were considered at length, and with a wish to discover some method of ending the industrial deadlock.

Governor Crane's presence naturally brought into prominence the proceedings begun in the Massachusetts courts to secure the appointment of receivers for the coal properties, but the opinion was expressed that the situation could not be met successfully by this method. While recognizing the futility of efforts to end the strike that could accomplish nothing, it was stated that the president was anxious that the end of the strike should be brought about at the earliest possible moment and that if the attorney general or any other member of the cabinet could devise a method by which the president could proceed, that he would not hesitate to adopt it unless meanwhile assurances of a settlement were received.

After yesterday's meeting Governor Crane left Washington for Massachusetts. The conference was resumed today, at which time Secretary Root, who spent yesterday in New York, is present. It is understood that the visit of Secretary Root to New York was for the purpose of consulting prominent business men on the subject. It has been intimated that the president may send for the managers of the coal properties. No official statement was made regarding the conference yesterday, though an intimation was given that some statement might follow the conference today. As heretofore stated, the main fact made apparent is that the president will make every effort he can exert properly and lawfully to stop the strike and avert a fuel famine.

Toledo Will Act.

Toledo, O., Oct. 1.—Mayor Samuel M. Jones has issued a proclamation calling upon the people of Toledo to assemble in mass-meeting at Memorial hall, Toledo, tomorrow night to take some action on the coal strike situation. The mayor particularly asks that resolutions be passed encouraging the people of Boston, who have started a movement looking to the solution of the strike problem by having receivers appointed by the federal courts for those anthracite companies which refuse to arbitrate with their employes.

Looking for a Crowd.

Detroit, Oct. 1.—The telegraphic invitations sent out Monday by Mayor William C. Maybury to governors of a number of states and the mayors of the principal cities in the East, middle West and Northwest, asking them to send delegations to participate in a national conference on the coal strike, have met with a large number of acceptances and the proposed conference bids fair to be a tremendous gathering.

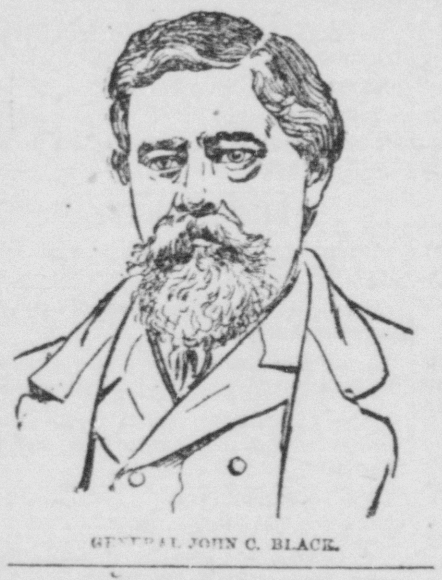
Mitchell and Parry.

Detroit, Oct. 1.—President D. M. Parry of the National Association of Manufacturers, last night received from President John Mitchell of the United Mine Workers, a telegram agreeing on behalf of the mine workers to appoint a committee to meet a committee from the association and discuss a means of ending the coal strike.

LINCOLN'S MOTHER

Monument to Nancy Hanks Lincoln is Dedicated.

Lincoln City, Ind., Oct. 1.—The handsome and substantial monument erected at the grave of Nancy Hanks Lincoln, mother of the great emancipator, by J. S. Culver of Springfield, Ills., was dedicated today in the presence of Governor Durbin and his staff and many state dignitaries. The dedicatory services were presided over by Col. James S. Wright of this place. Mr. Culver made a speech of presentation, which was responded to by Governor Durbin, who accepted the monument on behalf of the Nancy Hanks Lincoln Memorial association. The oration was delivered by General John C. Black. A large crowd witnessed the formal and impressive ceremony.



GENERAL JOHN C. BLACK.

SERIES OF SUICIDES

The Navy Getting More Than Its Share of Late.

New York, Oct. 1.—Lieutenant Commander William V. Bronaugh of the United States navy commited suicide yesterday on the battlesip Kearsarge at the navy yard by blowing out his brains with a revolver. Friends of Commander Bronaugh believe that he was very much worried over the manifold duties of his position as executive officer, which are considered to be more arduous than those of any other position of rank in the navy. Purnell P. Harrington, captain of the Brooklyn navy yard, said: "There is an epidemic of suicide in the navy, as surely as there was ever an epidemic of fever. Such a thing may occur and can be explained. The man has probably been thinking of the other suicdes, which are very sad affairs, and then in an unguarded moment the desire to try it seizes him and it was all over in a minute." Commander Bronaugh was born in Kentucky and entered the naval academy in 1873.

The River Gives Up.

Paducah, Ky., Oct. 1.—The bodies of L. L. Hunter and L. B. Magill, who were lost in the burning of the City of Pittsburg last April, thirty miles below Paducah, were yesterday found four miles below the wreck and had apparently been covered with sand. They were wealthy manufacturers of Tidiout, Pa.

Murderers Hanged.

Bronson, Fla., Oct. 1.—Theodore Smith and Thomas G. Faircloth, the young men who killed the aged Lewis couple one month ago, were hanged here yesterday.

GETTING A JURY

Many Veniremen Required at the Trial of St. Louis Bribery Case.

HAD TO SEND FOR MORE

Venire for the Special Jury Was Early Exhausted and Another Venire Was Ordered.

Nineteen of the Twenty-Four Men Ordered on the Panel Have Been Secured.

St. Louis, Oct. 1.—After a busy afternoon's work in which the venire for a special jury was exhausted, though nineteen competent jurors, representative St. Louis business men, were secured toward the twenty-four necessary for a complete panel, Judge Ryan was compelled last night to issue an order for another venire of fifteen, in the trial of Robert M. Snyder, the banker and promoter charged with bribery in connection with the passage of the Central Traction bill by the municipal assembly. It is expected the panel will be completed today. The defendant then has the privilege of eight peremptory challenges, the state four. This will reduce the panel to the twelve requisite for a jury. Then the first of Circuit Attorney Folk's witnesses will take the stand and will unfold the tale of the inducements offered the assembly to pass the traction measure.

John H. Schnettler, who has been confined in jail for three weeks under two charges of bribery and one of perjury, has been released from custody, seven persons having signed his bonds, amounting to $45,000.

THE HILL SLATE

New York Democrats Have Their Work Laid Out for Them.

Saratoga, N. Y., Oct. 1.—For governor, Bird S. Coler of Kings; for lieutenant governor, Charles N. Bulger of Oswego; for comptroller, C. M. Preston of Ulster; for secretary of state, Frank H. Most of Chautauqua; for attorney general, John Cunneen of Erie; for engineer, Richard W. Herman of Oneida; for treasurer, D. J. VanAuken of Ontario; for judge of court of appeals, John C. Gray of New York. This is the ticket promulgated last night from the headquarters of Senator Hill. It was the result of a long conference of many of the state leaders, in which Senator Hill and Hugh McLaughlin took a leading part.

The announcement of this tentative ticket was received quietly by the throngs in the hotel corridors, and later rumors were circulated that when it got before the convention it might not stand. The Kings county delegates, led by Senator McCarren, were prominent in talking of prospective changes. Despite this the Hill people went serenely on making arrangements for the nomination of the ticket. In all of this preliminary work Tammany took no part, and in fact, after the first conference, Kings county absented itself.

Succeeded By Brother.

Detroit, Oct. 1.—After an animated discussion lasting nearly three hours yesterday afternoon the Democratic state central committee selected L. T. Durand of Saginaw as the party's candidate for governor. The new nomination was made necessary by the withdrawal of Judge George H. Durand of Flint, a brother of yesterday's nominee. Judge Durand was stricken by paralysis five weeks ago and his condition has remained such that all thought of his going through a campaign or filling the office had to be abandoned.

Dastardly Brigandage.

Toledo, O., Oct. 1.—Two masked men entered the home of Fred R. Leonard here last night during his absence and seized Mrs. Leonard while she was kneeling at her bed praying. They bound and gagged her and poured kerosene on her feet and threatened to ignite the oil unless she would tell where her husband's money was. She gave them her earrings and a small amount of money, which she said was all there was in the house. The men departed without putting their threat into execution.

Basis of Settlement.

Colorado Springs, Col., Oct. 1.—I. Harry Stratton announces that he has been approached by one of the executors appointed by his father in the will with a proposition to compromise the contest case. He answered that he would withdraw his suit upon a settlement of $1,000,000. Attorneys for the executors, administrators and the son are in conference, and the announcement of young Stratton is believed to be the conclusion that has been arrived at.

Casey in Command.

Washington, Oct. 1.—The navy department has received a cablegram announcing the arrival of Rear Admiral Silas Casey aboard his flagship, the Wisconsin, at Panama after an almost unequaled run down the Pacific coast of 3,277 miles in one day less than two weeks. Rear Admiral Casey will assume general command of the American naval forces on the isthmus.

LIKE OLD TIMES

Bold Highwaymen Rob a New York Stage Coach.

Middletown, N. Y., Oct. 1.—The stagecoach "Pioneer" which makes daily trips between Warwick and Goshen, was held and robbed by three masked horsemen late yesterday afternoon.

The coach was bowling along the road two miles from Florida, and at a lonely spot on the road Clinton and Horatio S. Wisner, who own the coach and were on it, saw three men on horses suddenly emerge from the dense woods which line the highway. Clinton was driving. The robbers ordered him to pull up his horses, which he refused to do, and the highwaymen opened fire with revolvers. None of the shots took effect, but the shooting had the effect of compelling the whip to bring his horses to a stop.

Inside the coach were Mrs. J. A. Chamberlain, Mrs. Fred Webster, Mrs. James Fuller, Mrs. Hart, Mrs. Ed Johnson of Florida. While two of the highwaymen covered the Wisner brothers with their revolvers the third, using many threats, compelled the passengers to give up all the money and valuables. After the robbery had been completed the robbers spurred up their horses and escaped.

When news of the hold-up became known this whole section of Orange county was first astounded and then excited. Posses of armed men were hastily formed and at once started a search for the highwaymen. Clinton W. Wisner is president of the village of Warwick.

A REGULAR INSPECTOR

Is the Only Man Who Can Condemn Rural Mail Boxes.

Washington, Oct. 1.—First Assistant Postmaster General Winne has issued a circular-letter to the postmasters of all rural free delivery postoffices instructing them that postmasters and rural free delivery carriers are not permitted to condemn the letter boxes used by patrons. The order directs that they shall continue to serve boxes already erected until a regular inspection of such boxes can be made by the route inspectors and special agents who will condemn the boxes found unsafe or which otherwise fail to meet the requirements. The entire force of rural free delivery inspectors is now invstigating petitions for such service, and these box inspections probably cannot be made for a month or two. There will be 14,000 rural free delivery postal routes in operation on July 1 next, and the estimate for appropriations for the next fiscal year provides for 12,000 more.

Sharing Big Profits.

New York, Oct. 1.—Members of the original United States Steel Underwriting syndicate today received a 5 per cent dividend of $10,000,000. This makes a fourth dividend of $10,000,000, a total profit of $40,000,00 on an actual outlay of $25,000,000, a return of 160 per cent.

STATE NEWS NOTES

Incidents and Accidents and Doings of Note Throughout Hoosierdom.

DOCTOR IS IMPLICATED

Leader of Organized Band of Grave Robbers Says Dr. Alexander Accompanied the Gang.

Specific Instance is Given in the Robbing of Miss Glendora Gates' Grave.

Indianapolis, Oct. 1.—Rufus Cantrell, leader of the organization of ghouls which has been despoiling the country cemeteries in this vicinity, made an affidavit yesterday that the body of Miss Glendora Gates, stolen from Anderson cemetery, was delivered at the Central College of Physicians and Surgeons. He also stated that when Miss Gates' grave was despoiled Dr. Alexander was with the robbers. It is believed by the detectives that the body of Miss Gates has been stored away in some secret place in the city until after the investigation shall have closed.

SHOCKING DISCLOSURE

Fears That Indianapolis Ghouls Have Violated Hundreds of Graves.

Indianapolis, Oct. 1.—The grave-robbing scandal continues to be the principal subject of discussion in Indianapolis, and developments indicate that there will be other arrests, and that other colleges besides the Central College of Physicians and Surgeons will be involved.

The cases against Dr. Joseph C. Alexander, George Haymaker, janitor, and the seven negroes arrested Monday were continued until Oct. 23, so that the grand jury may have time to investigate. As a result of the exposures other graves have been opened and found empty. It is claimed by the officers that hundreds of graves have been opened and the bodies disposed of within the past three years.

Sticks to His Opinion.

Plymouth, Ind., Oct. 1.—Freeman Kiser, who was placed in jail a few days ago because of his refusal to send his little daughter Grace to the public schools, is still holding out, and says that he will die rather than give in. He asserts that the public schools are not fit for his children to attend; that they are supported by blood money, that ungodly men and women teach in them, and that God his given his children into his keeping, and as he is accountable for them, he must follow the dictates of his conscience.

Tilled the Cemetery.

Haysville, Ind., Oct. 1.—Peter Hoff, a well-to-do farmer, is charged with removing gravestones from the Mathis graveyard, where many of the pioneers of that part of the country are buried, and sowing the cemetery in wheat. He will be tried at the October term of court at Jasper on the specific charge of removing the stone that marked the grave of Reuben Mathis. The citizens are greatly incensed at the desecration, but Hoff denies that he tore down the gravestones.

Family Poisoned.

Vincennes, Ind., Oct. 1.—Hudson Autler, his wife and five children are lying at the point of death from arsenic poisoning at their home in this city. The family was in the best of health until immediately after dinner, when they were taken violently ill, excepting a younger son who did not partake of a dish of beans. An examination of the beans revealed the presence of arsenic, and it is evident that an attempt was made to murder the family.

Shot By Policeman.

Lebanon, Ind., Oct. 1.—John Parigen, a well-known character about town, was shot four times by Policeman John E. Broshar. He will die. Parigen had been drinking, and the policeman requested him to go home. Parigen assaulted the officer, knocking him down, and continued the assault after the officer had fallen to the sidewalk. In the scuffle Broshar managed to draw his revolver and fired five times at his assailant.

Worked Too Hard.

Bedford, Ind., October 1.—Coroner Voyles has returned from the southeast part of the county, where he was called to investigate the death of F. G. Montgomery, a farmer, aged thirty-six, who committed suicide by shooting his head nearly off with a double-barrel shotgun. The cause of the deed is said to have been overwork, which unsettled his mind.

Had Blank Checks.

Brazil, Ind., Oct. 1.—Alvin Faunders of Farmersburg, Ky., was arrested here yesterday charged with forging a note on William Miller of this county. He is being held because he had several blank checks on the Farmersburg bank.

For Murderous Attempt.

La Porte, Ind., Oct. 1.—Green Gurley, colored, of Chicago, was sentenced to Jeffersonville for from two to fourteen years on the charge of attempting to kill "Butch" Moran.

PLENTY OF CHANCES

Hering Can Have All the Joint Debate He Wants.

Indianapolis, Oct. 1.—Walter Brown of Elkhart, Thirteenth district committeeman, says that Professor Hering of South Bend, the Democratic candidate for congress, can get all the joint debating he wants, even though Representative Brick has refused to meet him. "The Democratic papers have been doing a lot of talking," said he, "because we did not desire to accept Hering's challenge for a joint debate. They have been saying what a great thing a joint debate is. Since our refusal to take the challenge Mr. Holler, the Prohibitionist candidate for state superintendent of public instruction, has offered to meet Hering and has announced that he is authorized by the Prohi candidate for congress to extend the challenge on his behalf if Hering won't debate with him (Holler). I think if Hering wants an opportunity for joint debate he has it now." Brown says that Hering is out of the running and that the Republicans will re-elect Brick by a larger majority than ever before. It is believed that the Democrats have given up hope of carrying the Thirteenth, as they are not devoting as much energy to it as they were some time ago.

Not all the members of the governor's staff feel big when they wear their handsome uniforms. A majority of the members are fine-looking men, but there are but three or four who appear at home in the uniforms. However, the gold buttons, tinsel, military cap and dangling sword appeal to the vanities of most of them, and they wear their uniforms from the time they strike town. One member who accompanied the governor to Spencer county to participate in the dedication of the Nancy Hanks Lincoln monument had his uniform carefully packed away in his suit case, but he was made to don it before the party left. The governor and his staff were guests of honor at the Louisville (Ky.) horse show last night, and the members were to go in uniform. The man who tried to dodge the issue before he left said he would greatly enjoy the horse show if he could appear in the clothes of a Christian. He laughed when he explained that he did not know what to do with his hands and his feet when he got into his uniform. He rather bitterly characterized the caps as being of the "fried egg" style. Nevertheless the governor's staff in uniform makes a fine appearance and is a credit to the state.

The annual meeting of the supreme lodge Knights of Pythias of Indiana will be held in Indianapolis next week. Mayor Charles A. Bookwalter, who is grand chancellor of the state, expects a fine meeting with an attendance of between 800 and 900 delegates. One of the interesting questions to come before it will be whether or not the supreme lodge will advance money for the building of a Pythians' orphans' home. The Rathbone Sisters have been trying for some time to raise sufficient funds, but they have not been successful in getting enough. There is some objection among the Knights to the proposal that they furnish the money. Mayor Bookwalter says many feel that if the Knights are going to put up the money that the home should be placed in their charge.

Henry W. Marshall of Lafayette and his business partner, Sam Murdock of Lafayette, came here to join Governor Durbin's party to the dedication of the Nancy Hanks Lincoln monument. Marshall is now regarded as the strongest Republican candidate for speaker of the house, but he says that he is not making a hard fight yet. He proposes to get into the running with both feet when the right time comes. Marshall and Murdock are just now engaged in developing an immense field of flint rock macadam in Fountain county.

A Sudden Twinge

Of pain is generally the first warning of an attack of rheumatism. It feels as if the disease were in the bones or muscles, but the real cause of rheumatism is found in impure blood. In order to cure rheumatism the blood must be cleansed of the poisonous impurities which are the cause of the disease.

Dr. Pierce's Golden Medical Discovery has been very successful in the cure of rheumatism, because it entirely cleanses the blood from the poisonous substances which are the cause of the disease. It not only purifies the blood but by increasing the activity of the blood-making glands, it increases the supply of pure, rich blood which adds to the vigor of every physical organ.

Mr. R. A. McKnight, of Cades, Williamsburg Co., S. C., writes: "I had been troubled with rheumatism for twelve years, so bad at times I could not leave my bed. I was badly crippled. Tried many doctors and two of them gave me up to die. None of them did me much good. The pains in my back, hips and legs (and at times in my head), would nearly kill me. My appetite was very bad. Everybody who saw me said I must die. I took five bottles of the 'Golden Medical Discovery,' and four vials of 'Pellets,' and to-day my health is good after suffering twelve years with rheumatism."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

Dr. Pierce's Pleasant Pellets cleanse the bowels and stimulate the sluggish liver.

Township Convention.

The republicans of Jackson township will meet in mass convention in Seymour at the city building on Saturday, October 4, 1902, at 1:30 p. m. for the purpose of nominating candidates for the following township offices:

Three justices of the peace,
Three constables,
Three members advisory board,
Four road supervisors.

C. D. BILLINGS, chairman,
s26tf H. C. DANNETTELL, sec'y.

Homemade Barometer.

A convenient barometer for the [illegible] may be made with an ordinary glass jam jar and an oil [illegible] flask. Fill the jar three parts full of water, and after cleaning the flask place it in the jar neck downward. The rising of the water in the flask will indicate fine weather. Unsettled weather will be foretold by the sinking of the water.

Good Manager.

"You seem to manage remarkably well on your housekeeping money."

"Yes. The tradespeople haven't sent their bills in yet."—New York Herald.

COLORADO lawyers are in a fair way to get a liberal share of the late W. S. Stratton's millions.

THE Indianapolis grave robbers are getting a shaking up that might have come a good while ago. They should be given the extent of the law.

IT IS true that the laboring men of the United States are receiving better wages now than ever before Not only are they better paid but they have more employment. Taking the railroad employes, in 1897 the total number of railroad employes in the United States was 823,000. In 1902 the railroad employes number 1,090,000, an increase of 30 per cent. No elaborate tables or specious democratic campaign arguments can convince railroad men that they should vote to go back to democratic times again. Even if it does cost them something more to live they have steady work and good wages and are able to lay up money.

Found Dead in Bed.

Perry Baker, a farmer living about five miles northwest of Cortland, was found dead in bed at his home at an early hour Wednesday morning.

Tuesday evening he was in his usual health, ate a hearty supper, and afterwards smoked his pipe and retired at the usual hour. He made no complaints whatever before retiring. Sometime after midnight the boy that was sleeping with him discovered that he was restless and was breathing heavily, but thought little of it. About 3 o'clock he discovered that Mr. Baker was dead. The supposition is that organic heart trouble caused his death. Mr. Baker was sixty years of age.

Dr. Kyte accompanied by F. W. Wesner, went out Wednesday morning to hold an inquest.

Woodmen at Columbus.

The Modern Woodmen had a great meeting at Columbus Tuesday night. The city building was practically all turned over to them and they made good use of it. Fifteen new members were shown some new tricks at log rolling, and in this the Seymour team figured most prominently. Members from Franklin, Edinburg, Seymour, Crothersville, Brownstown and other camps were present. Forty-three went from Seymour. About 400 Woodmen were there. A sumptuous banquet was spread.

Court News.

William Foley was fined by Judge Wesner Wednesday $5 and costs, $17.10 in all, for intoxication. He was committed to jail.

The case of John A. Kamman and W. H. Burkley vs. John Sitterding et al, to quiet title, venued from Jackson county, has been filed at Columbus.

BORN.

To James F. Henderson and wife Oct. 1, a daughter.

Ben McCann Jr., is reported quite sick today.

Mort Crabb made a business trip to Louisville yesterday.

Mrs. E. M Young will have a millinery opening tomorrow evening. Fine music by the Bedford orchestra.

Mrs. M. A. St. John went to Brownstown today to visit her mother, Mrs. Ralph Applewhite.

Henry Payne, of Clearspring, was here last evening to attend a meeting of the blacksmiths of the county, which was called for the purpose of making an organization for the county.

CARMI, ILL.

We had two light frosts about the middle of Sept., since which we have had most favorable weather for fall crops and pastures.

Frank Smith contemplates a prospecting trip to southern Mo., in the near future. His father, O. H. Smith, will probably accompany him.

John Ackerman has begun digging sweet potatoes. His cellar, that has a capacity of 1600 bushels will probably not hold all of his crop this year.

Mrs. John Callicotte expects to start for Jackson county next Thursday to visit her father, Michael Huber, who is reported very sick.

BORN—To Elmer Wheeler and wife, Sept. 28, a daughter.

Weigant & Smith have their new ware house about completed.

While handling a piece of metal roofing one day last week, Sam Smith accidently cut his arm at the wrist, pretty badly; but the wound is healing nicely.

Marion Wheeler made a business trip to Enfield the first of this week.

Wendell Poore is picking apples this week.

For us to chronicle the death of Henry S. Ackerman is a sad task in the extreme. He had been afflicted with paralysis for about three years, growing gradually worse from the beginning until at 5 o'clock, Sept. 26, death ended his sufferings. He was about 44 years of age, his birthday anniversary occurring on the day of his funeral. He united with the M. E. church about 10 years ago at McHenry's chapel near Carmi. It is extremely sad for his Hoosier friends to contemplate his death, especially so to those to whom he was so near and dear—his loving companion and children. But it is consoling to all, no doubt, to know that by his industry he has left his family well provided for. Yes, Henry will be missed, but we are looking forward and hope to meet again in the hereafter.

Joseph and Chas. L. Ackerman and Thomas Cross, Jr., of Jackson county arrived, Saturday, to attend the funeral of H. S. Ackerman, which occurred, Sunday Sept. 28.

Frank Ackerman is finishing the work on his new residence, and will have it completed in a few weeks.

EX-SALTCREEKER.

SEPTEMBER WEATHER AND CROPS.

Eleven Days of Rain, the Same of Sunshine, and Eight Mixed.

September, 1902, was a month of varied weather moods. Opening warm and bright, the middle third was very cool and wet, and the ending was warm, dark and showery. The deficiency in temperature for the month was 52 degrees, and the excess in rainfall was 1.25 inches. Corn matured rapidly in the beginning but slower toward the end; the entire crop is out of danger from frost, and some has been garnered and marketed; the yield is much above the general average. Grasses and late vegetables are in prime condition. Apples are being harvested, and the yield is about half a crop and only fair in quality. Other fruits scarce. Some wheat is sown and growing nicely, but the work is retarded by continued rains. About the usual acreage will be sown.

The most notable weather features were electrical storms on the 25th and 30th; light frosts, doing little harm, on the 13th and 14th; a solar halo on the 20th, and a very dense fog with an exceedingly heavy dew formation on the 29th. Rain fell on 11 days; 11 days were clear, 8 were partly cloudy and 11 were cloudy. The warmest day was the 1st, with a temperature mean of 76 degrees; the coolest days were the 13th and 14th, with mean of only 49 degrees above zero. The maximum temperature was 87 degrees above zero, on the 8th; the minimum was 35 degrees, on the 14th, the monthly temperature range was 52 degrees; the greatest daily range was 34 degrees, and the mean temperature for the month was 64.2 degrees above zero. The total rainfall was 4.25 inches, and the greatest precipitation in 24 hours was 1.22 inches on the 18th.

To vote a straight ticket make a X within one circle and not elsewhere.

◆

To vote a straight Republican ticket make a X within the circle which surrounds the eagle, as the one above is marked. Make no other mark on your ticket. Any other mark than the X will spoil your ballot and will lose your vote. Use nothing to mark the X but the blue pencil that will be given you by the poll clerk.

Should you by accident make any other mark on your ballot, return it to poll clerk and get a new one. Before leaving booth fold your ballot so that the face cannot be seen, and so that the initial of the poll clerk on the back can be seen. DON'T BE A STAY-AT-HOME. BE SURE AND GET OUT TO VOTE.

Still Arguing.

The argument in the water works case which is being heard by Judge Green Smith at Vernon is consuming more time than at first anticipated. J. H. Shea who began his argument Monday afternoon did not conclude until 2 o'clock. Tuesday afternoon. Then Merrill Moores began and spoke until court adjourned Tuesday evening. He resumed his argument Wednesday morning. After he closes John M. Lewis, O. H. Montgomery and Byron K. Elliott are to make speeches. At this rate the argument will not be concluded before Thursday evening.

His Life in Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare Tex., "biliousness and a lame back had made life a burden I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at W. F. Peter's Drug Co.

DIED.

DAY.—Mitchell Day died of paralysis at his home at Hayden Monday morning, aged about fifty years.

Out of Death's Jaws.

"When death seemed very near from a severe stomach and liver trouble, that I had suffered with for years," writes P. Muse, Durham, N C., "Dr. King's New Life Pills saved my life and gave perfect health." Best pills on earth and only 25c at W. F. Peter's Drug Co.

BODY CUT IN TWO.

Particulars of the Sad Death of Will Borman.

Brief mention was made in Tuesdays REPUBLICAN of the death of Will Borman, but the particulars of the accident were not then known here. The following account of his death is taken from the Enquirer:

"The breaking of a coupling pin on a heavy freight train that was climbing the grade to the Cincinnati Southern Railroad bridge Tuesday morning was responsible for the death of William H. Borman, 30, a car repairer, who was engaged in repairing a car on a track at the foot of the grade.

Borman and John Hurley were at work on a box car, on what is known as the depot track, opposite Hopkins street. Borman was beneath the car while Hurley was at work on the inside. A blue flag, the signal that men were at work on the cars on the side track, had been stuck between the rails some 50 feet away. The switch, however, had been left open, and when the coupling on the freight train broke several of the cars started to back down the grade. Although there were four brakemen on the cars, and all realized the terrible danger which menaced the men at work on the siding, they were powerless to check them, and they crashed through the switch and against the car beneath which Borman was at work, shoving it fully a hundred feet before they came to a standstill. Borman made a frantic grab for the brake beam, but before he could draw himself out of the way the wheels were upon him, and the next instant his body was cut in two. He died a moment after being dragged from beneath the car. Deceased was married, and lived with his wife and four children at No. 1333 Linn street. Coroner Schwab held an inquest Tuesday afternoon."

Beware of Ointments for Catarrh that Contains Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney &Co. Toledo, O, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine it is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 75c per bottle. Hall's family pills are the best.

Caution!

This is not a gentle word—but when you think how liable you are not to purchase for 75c the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. Sold by all druggist in the civilized world.

Killed In Runaway.

Anderson Ind., Oct. 1.—Mrs. Hannah Barker, forty-eight years old, wife of Samuel Barker, was almost instantly killed on the Pendleton pike near this city. She was returning from a visit to the country and was driving a horse that the family had owned for many years. The animal suddenly started on a wild run and Mrs. Barker jumped from the buggy, landed on her head and her skull was crushed.

Another Murder Mystery.

New York, Oct. 1.—The headless and armless and almost nude body of a young woman was found yesterday floating in the East river. There was nothing about the remains to give any clue to their identity. The woman was about twenty years old and weighed about 130 pounds.

R·I·P·A·N·S

The simplest remedy for indigestion, constipation, biliousness and the many ailments arising from a disordered stomach, liver or bowels is Ripans Tabules. They have accomplished wonders, and their timely aid removes the necessity of calling a physician for many little ills that beset mankind. They go straight to the seat of the trouble, relieve the distress, cleanse and cure the affected parts, and give the system a general toning up. The Five Cent packet is enough for an ordinary occasion. The family bottle, 60 cents, contains a supply for a year. All druggists sell them.

ATTENTION G. A. R.

One Hundred and Seventy-nine Battles were Fought on or Adjacent to the Baltimore & Ohio Railroad.

The Baltimore & Ohio Railroad and the Civil War, 1861-1865.

It was the first and most desirable point of vantage coveted by both the Federal and Confederate armies. In May, 1861, the four Federal advance columns concentrated at Parkersburg, W. Va., Wheeling, W. Va., Harpers Ferry, W. Va., and at Washington. To retain the advantage, the Federal government established block houses along the railroad from the Monocacy to the Ohio river, besides forts at Winchester, Harper's Ferry, Cumberland, Piedmont and New Creek (Keyser). The B. & O. was the base of operations for the Federal army for nearly four years and from which the government could not take advance line earlier than November, 1864. The B. & O. was the means of communication between the West and the Army of the Potomac, and was consequently in a continued stage of siege. Harper's Ferry is the key to the Shenandoah Valley, first famed through the fanatical attempt of John Brown, in defying the laws and customs of his country, was captured or re-captured eight times in three years. The government arsenal and armories which were located there, were destroyed by the government to prevent their capture. One Hundred and Seventy-nine Battles of Greater or Less Importance were Fought on or Adjacent to the Baltimore & Ohio Railroad, not taking into consineration the innumerable skirmishes.

Trains of the B. & O. S-W., will take you through the same territory enroute to the 36th Annual Encampment, G. A. R. at Washington, October 6-11, and very low rates will be made from all points on the B. & O. S-W.

For particulars ask your local agent, or address O. P. McCARTY, General Passenger Agent, Cincinnati, Ohio.
